Oklahoma Home and
Community Education
Adair County

Our county program, as a part of
Oklahoma Home and Community
Education (OHCE), is a program of
continuing education in all aspects of
home and community life. The
organization's ultimate aim is to
educate its members to be well
informed and able to guide change in
their homes and communities.

Through a partnership with the
Oklahoma Cooperative Extension
Service, OHCE presents research-based
information to its members and the
public, through monthly leader lessons
and district and state meetings.
Leadership development and
community service projects provide
OHCE members further opportunities to
apply this research-based information
to practical use for their homes and
communities.

Membership in OHCE and services
provided by Oklahoma Cooperative
Extension Service (OCES) are open to
all persons regardless of age, race, color,
religion, sex, disability, gender, national
origin or status as a veteran.
