## Assembling Your 4-H Record Book

A 4-H Record Book is a summary of your accomplishments in 4-H. The reporting year runs from June 1 through May 30 of the following year. Record books are due the first part of June. The exact date will be in the 4-H newsletter. This is not a scrapbook; do not include award ribbons, certificates, newspaper clippings, etc. **These record book pages are for use by 4-H'ers ages 9 through 13. Members who are 14 years old on January 1 of the current year must use the *Oklahoma 4-H Report Form*.**

Keep your record book in a folder or notebook. You will want to be able to add pages to your book as needed. It is recommended that the final copy be placed in a green cardboard folder entitled, "Member's Record", which is available for purchase at the County Extension Office. The record book pages should be handwritten in ink by the 4-H member (erasable ink pens are ideal for this). **Use one set of title pages in the book.** Use as many of the continuation pages as you need behind each title page to report what you have done. Do a new set of pages each year. Move the previous year's pages to the back of the book tabbed with the year.

The sections of your record book will include:

- 4-H Story
- Project Work Completed
- What Have You Learned?
- Leadership
- Citizenship
- Awards Received in 4-H
- 4-H Activities Participated In
- Non-4-H Experiences in School, Church, Community
- 4-H Photos – Each year you may include one page of pictures for each project you report plus two pages of miscellaneous pictures. Pictures should be on only one side of the paper with no overlapping. Each picture should include a short caption. If you have reported in the photography project, you may include an additional 10 pages of pictures illustrating photography learning experiences.

**Omit the instruction pages when  
assembling record book!**

## Examples

**Project Work Completed**

**Year: 2004-05**

<b>Project</b>	<b>Project Work/Activity</b>	<b>Level</b>
Beef	Fed and watered Angus heifer daily	L
	Cleaned pen daily	L
	Read beef project materials	L
