Showing the 4-H'ers at a club's sewing workshop how to make a pillowcase. Four 4-H'ers made pillowcases and entered them in the County Fair. They also used the skills learned while making pillowcases to make 90 Eyeglass cases to be sent with Doctors to give away with glasses to people who could not afford glasses.

In June Donna Jung and myself prepared and presented a day camp on Pies. We had 11 4-H youth sign up. In one day they made a two crust apple pie, one crust pumpkin, and crust for a chocolate pie. Out of the 11 that went through the camp four made pies for Canadian County Free Fair!

At the Teen Retreat the teens learned about teamwork regardless of setbacks life may throw your way. Unfortunately for me they used team work to ice my face instead of a cake!!!
