

Volunteers in Extension

Volunteer groups are one of the most important and unique aspects of the OCES. This is in keeping with the Extension philosophy that active citizen participation in planning and implementation ensures program success. As an MG, you will join this family of volunteers.

The “Oklahoma Master Gardener” title is to be used only and exclusively when doing unpaid volunteer educational work in the OCES MG Program; in which trained and certified MG’s assist the horticulture program. Oklahoma MG’s are not to advertise their names or place of business, nor to be listed on the advertisements of business places as an MG. This is an OCES public service program.

Recording Volunteer Activities

An MG on-line reporting system has been created to make it easier to record and keep track of volunteer activities and continuing education hours. This can be done on a daily basis or anywhere with computer access.

OBJECTIVE:

To utilize the present skills and knowledge of experienced hobby horticulturists and to train these individuals further in sharing their expertise and knowledge with others in horticulture. This expertise will be used in assisting the horticulture program at your local OSU Extension Center in one of the participating counties, Seminole, Lincoln, and Pottawatomie.

PROGRAM DESIGNED FOR:

Anyone with a High School diploma or equivalent with a genuine interest in horticulture that would enjoy sharing their research based information with others. Those interested in learning the latest OSU horticulture research results, techniques and practices. Anyone who enjoys fellowship with other gardeners and horticulturists.

YOU WILL RECEIVE:

Educational class time
Educational materials
Knowledge to last a lifetime
Connections with your community

Certified Master Gardener Volunteer Requirements:

A minimum of 40 hours of assistance to your local OSU Extension Horticulture Program in first year by:

- ◆ Assisting the horticulture program
- ◆ Helping conduct horticulture educational activities and programs.
- ◆ Community Service Projects

There are many fun ways to serve—including assisting at the county fair, education workshops or booths, serving with parks or beautification projects, and youth garden programs.

To retain Master Gardener Certification:

20 hours of community service annually
20 hours of continuing education annually
