Sale Order Selection Guidelines

Each species will be shown by class breakdown for each Breed or division

The Top 40% of each Breed or division will qualify for premium sale rewards, and will be selected during the breed or division drives; establishing the sale order for the represented breed or Division.

*Note Steers do not fall under the TOP 40% guide line; a minimum of (10) Steers will be selected through a line-up after the Grand /Reserve Drive.

It is understood that an exhibitor may qualify more than (1 exhibit) for premium reward; as outlined under General Rule 13. However an exhibitor will only be eligible to receive reward on (1 qualifying entry)

Thus by emended Rule; The Sale order selection will be expanded, allowing for alternates to be selected for possible sale order qualification, per Breed/ Division (the total number of alternates will be determined prior to the breed/ Division drive)

*NOTE being selected as an alternate does not immediately qualify the exhibitor for the premium reward sale. Alternates will only be allowed in the sale order if; Preceding qualifying exhibits are removed from the order of the prospective breed/division (by Scratches or disqualifications)

SCRATCHES

An exhibitor that qualifies more than (1 exhibit) is required to scratch from the sale order; all but (1) qualifying exhibit.

* It shall be understood that an exhibitor's highest placing exhibit will remain in the sale order.

** IF the exhibitor qualifies under more than (1 Species, Breed/Division) with equal Class Placing. The first exhibit that qualifies; under the sale order rotation must be held as the sale order exhibit, and all others will be noted as scratches.

Sale Order Alternates
