

## ADDITIONAL CONSIDERATIONS

	Cow Calf 007				
	Commercial	Small herd	Farm Works Stock	CattleMax Online	Cow Sense Nx Gen EZ & Pro
<b>Sorting options provided by the program?</b>	Reports in any Column	Reports in any Column	Sort, filter, and print based on any piece of information.	Sort, filter, and print based on any piece of information. ID and Animal Type.	Sort, filter, and print based on any piece of information.
<b>Specific data entry fields that are required for program to work.</b>			ID, location, group.	No.	Only requires Animal Type and Status.
<b>Does the program generate Standardized Performance Analysis (SPA) values? If yes, are they production values, financial values, or both?</b>	Export of animal data to CSV file. Import from electronic scale indicator software programs including Tru-Test Link 3000, Gallager My Scale Pro and Digi-Start Stock Weigh Link files. EID tag list integration with herd management functions including vaccinations and procedures, breeding and weaning.	Export of animal data to CSV file. Import from electronic scale indicator software programs including Tru-Test Link 3000, Gallager My Scale Pro and Digi-Start Stock Weigh Link files. EID tag list integration with herd management functions including vaccinations and procedures, breeding and weaning.	Yes, production.		Yes, the production report is pending.
<b>Is the program integrated with other agricultural software?</b>	Support for Allflex, YTex, Destron and Aleis EID reader wands.	Support for Allflex, YTex, Destron and Aleis EID reader wands.	Farm Works Mapping, Farm Works Accounting, Microsoft Excel, or other spreadsheets and Microsoft Windows mobile devices to allow data entry and scanning of animals.	Microsoft Excel, electronic ID readers, cattle weight scales, and most popular breed associations.	Included import tool allows user to import data to update existing records and/or create a Cow Sense herd from any other existing data source. Export and import to/from spreadsheet, word processor, financial programs, and multiple other formats. Interface for the Pocket PC or Windows Mobile Smart Phone allows for the collection of data in the field. Interface with Cow Sense Benchmark Wizard for online benchmarking and comparative analysis.
<b>Does the program have the capability or do you plan to develop the capability to accept farm level inputs from electronic ID systems or interface with input from databases generated by electronic ID systems?</b>	No.	No.	The software has the capability to import and export farm level inputs from electronic ID systems and is capable of interfacing with databases generated by electronic ID systems.	Interfaces with EID readers and records EID tag numbers. In addition, the software will be updated as additional EID systems are introduced.	Yes, real time (active) chute side interfaces with EID readers and in addition, other electronic measurement devices such as scale indicators, label printers, electronic tape measures, LED signs, electronic thermometers and other serial devices. In addition, Tag Wizard in Cow Sense will import a list of EID's from a manufacturer's file and print a tagging field form to link visual tag with EID. Cow Sense also offers a passive solution to seamlessly import data from electronic ID systems, EID readers and/or scale indicators.
<b>Is the program NCBA SPA accredited and if yes, Production Report, Financial Report, or both?</b>	No.	No.		No.	Yes, Cow Sense was the first commercially developed program to be SPA accredited, with our Production Report.
