|  |             |   |  |

P. 97

Start with initial QBI deduction calculation from previous slide

Limit it to 20% of taxable income before the QBI deduction

Taxable income for this limit does **not** include net capital gain

Net capital gain includes (basically anything that gets a capital gain tax rate)

long term capital gain

unrecaptured Sec 1250 gain

collectibles gain

Sec 1202 small business stock gain

qualified dividends

#### 2ND LIMITATION - W-2 WAGE AND CAPITAL LIMIT P. 97

The QBI deduction is limited to the greater of

- 50% of the W-2 wages with respect to the qualified trade or business; or
- 25% of the W-2 wages with respect to the qualified trade or business, plus 2.5% of the UBIA of all qualified property.

UBIA –  $\underline{\mathbf{U}}$ nadjusted  $\underline{\mathbf{B}}$ asis  $\underline{\mathbf{I}}$ mmediately after  $\underline{\mathbf{A}}$ cquisition

Limit applies above taxable income threshold:

|                 |                     | SURE 3.7<br>Ranges for 2021 |                    |
|-----------------|---------------------|-----------------------------|--------------------|
|                 | Single, HoH         | MFJ                         | MFS                |
| Threshold       | \$164,900           | \$329,800                   | \$164,925          |
| Phasein range   | \$164,901-\$214,900 | \$329,801-\$429,800         | \$164,926-\$214,92 |
| Fully phased in | > \$214,900         | > \$429,800                 | > \$214,925        |

### EX. 3.5 INCOME ABOVE PHASEIN RANGE

- P. 98
- \$200,000 wages and \$75,000 QBI from \$ Corp
- \$75,000 QBI x 20% = \$15,000 tentative QBID
- Taxable income of \$262,450 \$200,000 + \$75,000 \$12,550
   Taxable income limitation = \$262,450 x 20% = \$52,490
- Wage and capital limit
  Allocable wages \$15,000, UBIA \$10,000
  Wage and capital limit, the greater of
  5.5% x \$15,000 = 7,500, or
  25% x \$15,000 + 2.5% x \$10,000 = \$3,750 + \$250 = \$4,000
- Brian's QBID limited to \$7,500
- Cross Reference limitation is proportionate within the phasein range

| SPECIFIED SERVICE TRADE OR BUSINESS  | P. 98         |       |

## SEPARATING BUSINESS ACTIVITIES

P. 100

- Taxpayer with more than one T/B where one or more are SSTBs may wish to separate them
- Reasonable allocations based on all facts and circumstances
- Different reasonable methods can be used for different items of income, gain, deduction and loss
- Reasonable method must be applied consistently from year to year

- Practitioner Note: IRS requires

  complete and separate books and records

  complete and separate books and records

  each business would be allowed to choose a different method of accounting under Treas. Reg. § 1.446-1 (d)(1)
- Ex. 3.7 separates non-SSTB income, wages, and expenses
   and creates a \$15,000 QBID (see Form 8995-A)

#### AGGREGATING BUSINESS ACTIVITIES

P. 102

- Aggregate to avoid the wage and capital limitation
- May increase QBI deduction when one business has QBI but no W-2 wages and another has W-2 wages
- · Requirements:
- Not an SSTB
- Business relationship
- Common ownership

#### CONSISTENCY AND REPORTING

P. 106

•Consistent grouping required in subsequent years

- May add newly acquired or created business
- Otherwise, regrouping requires
- significant change in facts and circumstances
- prior aggregation no longer qualifies

•Reporting – see requirements for attached statement <u>for year of grouping</u> <u>and</u> <u>each subsequent year</u>

- IRS can disaggregate for failure to disclose
- Disaggregation applies for subsequent 3 tax years
